FIRST IN LOVE

Written By: Sean-Nice/C.R. Hackett

Skin so soft to the touch yeah
You know I'm loving her so much yeah
And all I wanna do is give her all my time
Cooks like grandma used to cook yeah
Got that Jane Kennedy look yeah
And everywhere I go people saying
She's so fine and she's mine

Chorus:

Because I love her and I want her
I let her know I'll never let her go
So can we go back do it again
Like when we were first in love so much love

She's warm coco with the cream yeah
She's the woman of my dreams yeah
And all I wanna do is give her everything in life
She talks all my stress away yeah
She loves me strong night and day yeah
10 years and I'm proud to say You're still my wife

Chorus X 2:

Bridge:

All I wanna do is love you, Dear Emma

There's no other like her I must confess
Cause she believes in me yeah
I can't deny that I'm so Blessed
Cause with her I can do anything

Chorus:

Rap:

Leave me for what she couldn't tell me the truth
I gave her some room I guess I left her too loose
The phone calls stopped and all the daily visits ceased
Couldn't get through my head that I got dumped G
Relationship strong she said our love was real tight
But for somebody in love, she sure didn't act right
Confused person closed our love with a curtain
Didn't even give a damn who the hell you was hurtin'

Call me a cheat come to find you was a cheater
And now I realize It was lies I don't need ya
What makes a heart pound but knocks a man down
Staggard in the third and got knocked out in the
Fourth round She shut the door she locked the door
I fell in love and I ain't doing it no more
How can a heart of gold turn to coal
Hard like stone cold and hurt your soul

Chorus:

Bridge "til End

THE CHANCE YOU DESERVE

Rap Written By: Lonnie "Keyz" Bailey

If you don't know the deal
Don't you know my love is real
And my Love is so for real
I'm trying to show you for sure
And like to prove to you
What a gentleman can do
I'll never be untrue
And I would give you
So much more than you ever known
Showing you more than you ever been shown
So come close to me and don't be alarmed
Cause I'll keep you safe from harm
So will you give me

Chorus:

Will you give me the chance that you deserve
Will you give me the chance
Will you give me the chance that you deserve
Will you give me the chance
Cause I want to know you (better)
And I want to show you (betterr)
And I want to love you (better)
than anyone could or anyone should

Girl you're the truth to me
I can't believe what I see
Beautiful and lovely
From head to toe
It's all about you girl
You're in my world
Precious like a pearl
Just letting you know
How I feel when you're with me
You stole my heart and you set me free
So come close to me I won't be ashamed
To call out and scream out your name

Chorus:

Rap:

Let me show you how I get to know you
Seems I daydream when I think about you
I can see it in your eyes that you feel the same way
Time we spend apart makes me have a bad day
Love is unconditional with no restrictions
List of my convictions on what your missing
When times get rough I wanna smooth the surface
Make it all better when your heart is hurtin'
Pop the champagne baby close the curtains
No broken promises, lies or flurtin'
A shoulder to lean on when things get weary
Dry you pretty eyes even if they get teary
Lay your head on my chest let me handle the rest
Backrubs and hot tubs to relieve the stress
It's not and issue how much i miss you
It's a quarter past time that we make it official
